

PLANT LIST

We continue to specialise in oaks and maples, especially the species, but this year our propagator, Jadi Balazs, has introduced many new plants, some rare and some well known, so we have an ever-increasing collection with some fantastic plants.

All our propagation is by seed or cuttings. New plants for 2019 are *in italics*. Some plants are only available in small quantities and these will be sold on a first come, first sold basis. Where no price is shown, please ask for a quote. 'Y' indicates a young plant.

Please don't hesitate to contact us for any advice or questions.

This list is arranged in alphabetical order and is also divided into main categories e.g. Maples, Oaks.
